Dubai

Dubai is one of the seven emirates of the United Arab Emirates (UAE) and one of the country's main cities. It is considered to be an important tourist destination and its port, Jebel Ali, has the largest man-made harbor in the world. Dubai is also increasingly developing as a hub for service industries such as IT and finance. **Visitors from all over the world get an unforgettable experience in Dubai!**

CALL FOR PAPERS

In today's globalized world of business, every organization needs to compete globally to survive and grow. Effective Management equipped with advanced technology is widely accepted to be a key factor in making organizations successful. Technology and Management both are truly two pillars of success not just for business, for all organizations, government, public sector, non-profit, and others.

The purpose of this conference is to provide a forum that stimulates discussion on the conference theme and topics related with the theme. The conference will also provide opportunities for networking and collaboration amongst scholars from academia, industry and government.

In addition to papers on the conference theme, the scholars are also encouraged to submit papers on any aspect of management and technology such as accounting, marketing, finance, OB, HRM, MIS, quantitative methods, technology management, energy, operations, economics, entrepreneurship, information technology developments, Islamic banking and finance, sustainable developments in developing countries, crisis management, food security management, etc...
